

KDS Reference Sheet

This reference sheet serves to outline important reminders for Restaurant **Redacted** operating a Kitchen Display System tablet. The sheet can be referenced as a digital training tool and/or a physical reference tool that is printed and taped along the width or length of the KDS tablet, or posted near the tablet.

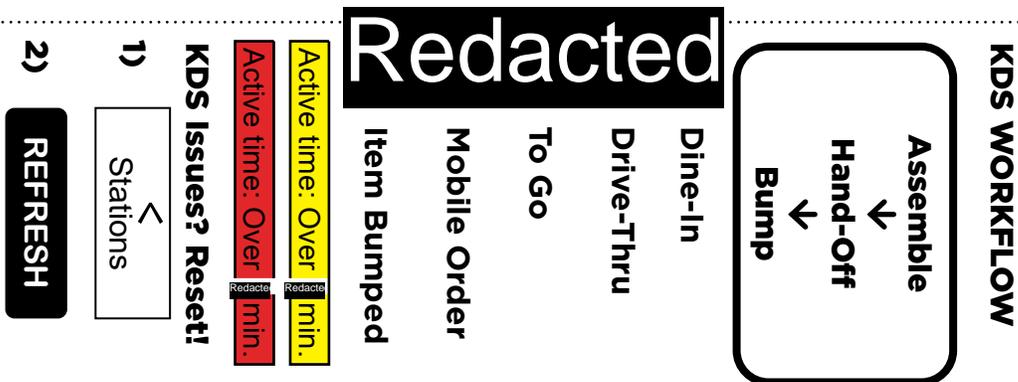

If used as a physical reference tool, it is recommended that the sheet be printed in color, cut out using the dotted guides, and laminated.

Use this flap to tape the sheet to the tablet, or cut off if not needed.
